## THOROUGH SUSTAINABILTY

We strive to operate with sustainability in mind at all times. The products we sell are manufactured in a responsible and ethical fashion and abide by national regulatory requirement norms in each of our markets. These very norms allow our production experts to identify any issues early on in the development phase that might not comply with the aforementioned norms and hinder our sustainable production methods.

Product compliancy is also monitored throughout the entire production life cycle. We work hard to meet our customers' high expectations and transparency requirements for the European markets. Up-to-date regulations are made readily available during the production life cycle ensuring products are compliant down to the very last detail. All products are subject to compliancy reviews prior to and after launch at both our own testing facilities and at third party testing labs.

Our solid quality-control methods ensure that the products you'll choose for your brand can be sold and used with confidence.

## GOVERNANCE

Sustainability is an ethical imperative that we follow at all corporate levels. In partnership with our supply chain, we aim at continuous social, ecological and economic improvement in the sourcing of our products, the products themselves, our logistics chain, and our own production and branding facilities.

## PRODUCTS

©The way we assure product responsibility adds extra value to our promotional products. We are continuously improving our Product Portal, e.g. with information on compliance with European REACH and RoHS chemical requirements, as well as voluntary sustainability standards such as Oekotex certification.

## 

## CUSTOMER

For the customers of promotional goods, sustainable branding becomes increasingly important. Their credibility builds on transparency, reliable sourcing and sustainability of both the production process and the promotional product itself.

In partnerships for progress with our vendors and through engagement in multi-stakeholder initiatives, we aim to build ethical global supply chains. Through our factory audit program, we work towards enhanced social standards, improved working conditions for factory workers as well as environmental risk mitigation.

Trade with purpos

## WHEN YOU ARE LOOKING FOR A PROMOTIONAL PRODUCT TO CARRY YOUR LOGO, YOU WANT IT TO BE COMPLIANT WITH EUROPEAN LAW AND IF POSSIBLE A MORE SUSTAINABLE OPTION THAN JUST A TRADITIONAL PLASTIC GIVE-AWAY.

But then the question arises, what is a more sustainable option? With thousands of promotional products available and a lot of discussions about what is sustainable and what is not, we have opted to look at our Green Concept from the Reduce-Reuse-Recycle perspective.

REDUCE: many promotional products are made of different types of plastics. By selecting products that have reduced plastic content, for instance because they are made of a mix of natural fibres and plastics, you are contributing to the reduction of the overall amount of plastic used.

REUSE: we believe this is one of the most important messages you can give with a promotional product. Reuse the items for a long time. More countries are banning single-use plastics like cups and cutlery. Reusable coffee mugs support this sustainable target and are a great canvas for your brand. The same applies to cotton or jute totes instead of plastic bags.

RECYCLE: we are actively developing products made of recycled material, like our Americano coffee tumbler on the cover. This tumbler is made of the waste material of all Americano tumblers that we produce, thus making our whole Americano production more sustainable! But you will also find recycled paper products, recycled glass, recycled PET umbrellas and bags, even pens made of recycled bottles. When looking at recycling, the possibility of recycling after use is also a factor that we look at.

So, are the Green Concept products in this brochure 100\% certified sustainable - no. Do they represent our suggestion for a more sustainable choice when you are looking for a promotional product - yes! We are constantly developing new products. For them to be compliant and sustainable is the first priority, but it is a process, it will go step by step. Our Green Concept will expand every year, continuously providing you with more choices for sustainable promotional products.

Enjoy!

## FINISHING TOUCH

Custom decoration is a great way to reinforce your brand identity. Especially if, as shown throughout this catalogue, you apply it to multiple items. A wide choice of quality techniques, including the impressive new textile method HXD, means you can get both the look you want and the quality you need.

Whether you prefer cool and subtle, distinctively stylish or to boldly grab attention, you can rely on us for expert service. Feel free to ask us for advice and inspiration.

## LAGER ENGRAYING

 PADPRINT

Unique decoration method • Add dimension to a logo • Perceived value of Embroidery combined with colour range and detail of True Edge Transfer • Durable • Available for a wide range of gaments • Max print area: $100 \times 75 \mathrm{~mm}$

Create a high-class impression • Unique tone on tone $\cdot$ Best on mid-range colours • Unlimited washability

Great all round cost effective solution - Can be applied on virtually any shape - Suitable for any surface texture, including soft products like stress balls • Perfect for multi coloured logos • Fast and economical
Perfect for multi coloured logos - Create a unique effect with matt, gloss or embossed finishes - Strong resistance to fading or damage - Ideal for small quantities - Can only be applied to flat or slightly curved surfaces

Striking 3D appearance • Subtle tone on tone look • Great for real and imitation leather products • Ideal for waterproof fabrics • Unlimited washability

Create a 3D effect • Strong resistance to fading or damage • Can only be applied to flat surfaces

Classic decoration technique • Suitable for both flat and irregular surfaces • Tread colours to match any logo • Up to 12 colours per embroidery • Perfect for left/right chest and left/right bicep

Create an untouchable decoration with razor sharp detail • Offers a comfortable, breathable decoration - Offers unlimited colours for one set up

Ideal for fabrics • Perfect for logos with many colours • Allows for extreme detail like small text • Economical solution for multi colour printing or smaller quantities • Maintains integrity of waterproof fabrics

Premium full colour photorealistic prints • Suitable for polyester fabrics (minimum 60\% polyester) and polymer coated products • Soft, flexible imprint that can even be applied over seams and zips • Decoration is resistant to fading and cracking • Only suitable for white products

Long lasting results • Apply sharp, high quality decoration on curved products • Economic choice for large quantities • Multi colour decoration available on a selection of pens. Ideal for text

Exceptional superior impression • Ideal for real and imitation leather product • Available in silver and gold finish

Long lasting results • Good cost effective solution for larger quantities - Allows single and multi colour decorations - Great choice for a distressed look and feel $\cdot$ Can only be applied to flat surfaces

## THE EXTERIOR FABRIC OF ALL PARKLAND PRODUCTS IS MADE WITH 100\% RECYCLED WATER BOTTLES

In Spring 2018，Parkland committed to a new sustainable model using 100\％recycled plastic water bottles to create the fabric for all products，with the goal of repurposing millions of recycled water bottles．

To date， 3.5 million plastic water bottles have been repurposed into Parkland bags and accessories．

## DRINKWARE INSULATION CHART

Based on successful retail drinkware pieces, we have designed a better way to drink with style. Whether you prefer your beverage HOT or COLD.

Insulation refers to how the materials and construction prevent temperature change - basically, the ability of a piece to keep a beverage at its original temperature, whether it's hot coffee or ice water. Insulation is achieved
through double-wall construction, which has two purposes - to eliminate condensation from cold beverages on the outer wall and maintain the temperature of the beverage within the inner wall.

There are several types of insulation, and we offer them all. It just depends on your budget and the type of performance you're looking for.

## WHAT IS RFID?

Radio-Frequency Identification (RFID) is the use of radio waves to read and capture information stored on a tag attached to an object. The RFID tag provides a unique identifier for the object and like a bar code or magnetic strip, must be scanned to get the information.

## WHAT IS RFID BLOCKING TECHNOLOGY?

RFID-blocking wallets and pockets are designed to help protect you from this new brand of electronic pickpocketing. These items are typically made from a material that interferes with radio waves, making a cards RFID chip difficult to read.

\title{
SUPERHEROES!
}

WHEN PRICE, STOCK AND FAST BRANDING COMBINE THEIR POWERS...

\section*{SUPERHEROES ARE CREATED!}

SUPERHEROES CHANGE THE BRANDING STANDARD. ORDER YOUR MATCHING APPAREL WITH YOUR LOGO AND HAVE THEM SHIPPED IN TWO DAYS.

NO DELLAY, NO HASSLE.

*The branding techniques eligible for two-day branding (after E-proof approval) on the SUPERHEROES styles are Screenprint and/ or Digital Transfer up to 250 pieces. For other techniques and higher quantities, standard production lead time applies.

\title{
000000000000
}

NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT

\section*{E-EVATE NXT}

Elevate NXT is the next step in promotional apparel. With the garments of Elevate NXT we follow the supply chain to the source. Made of recycled polyester or organic cotton, our Jade t-shirt and Beryl polo are truly sustainable.

And of course, they have all the qualities you have come to expect from an Elevate garment. Designed for branding and super comfortable to wear. Available in 5 popular promotional colours and our special Elevate NXT blue, this really is the next step in promotional apparel.

38028
p. 380

\section*{HOW TO BRAND YOUR T-SHIRT?}

Want a look as unique as your brand? With so many different ways to amplify your identity, we'll help you create a piece with retail quality branding.

\section*{INFUSION \({ }^{\text {TM }}\)}

Infuses your logo into the fabric creating an
untouchable decoration with razor sharp detail.
- Razor sharp with higher resolution
- Offers a comfortable, breathable decoration
- Untouchable
- Offers unlimited colours for one set up cost

\section*{SCREENPRINT}

Time tested decoration method that enables vibrant and durable graphics on virtually any material.
- Economic choice for large multi coloured decoration
- Great choice for a distressed look and feel
- Ideal technique for T-shirts

\section*{SUPERHEROES! 2 DAY BRANDING}

The branding techniques eligible for twoday branding (after E-proof approval) on the SUPERHEROES styles are Screenprint and/or Digital Transfer up to 250 pieces. For other techniques and higher quantities, standard production lead time applies.

\section*{HOW TO BRAND YOUR SHIRT?}

Take a great style and make it your own with one of our unique decoration methods. Whether you want to keep it simple or are looking for something bolder, we'll help you create the right look with a method and imprint location that work for your brand.

\section*{SCREENPRINT}

Time tested decoration method that enables vibrant and durable graphics on virtually any material.
- Economic choice for large multi coloured decoration
- Great choice for a distressed look and feel
- Ideal technique for T-shirts

\section*{(7)}

\section*{TRUE EDGE™ TRANSFER}

This cutting edge heat transfer process produces remarkable clarity and precision.
- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

\section*{EMBROIDERY}

With thread colours to match any logo, embroidery is always a popular choice.
- Classic look
- Up to 12 colours per logo
- Perfect for left/right chest and left/right bicep

\section*{MANITOBA}

\section*{HOW TO BRAND YOUR JACKET?}

\section*{STANDARD LOCATIONS IN PLACES YOU'D NEVER EXPECT}

Nobody offers more standard imprint locations - front, back, hip, shoulders, sleeves and even inside. By mixing and matching, you can create and transform the garment into a truly unique piece that sets your brand apart.

\section*{TRUE EDGE™ TRANSFER}

This cutting edge heat transfer process produces remarkable clarity and precision.
- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

\section*{SUPERHEROES! 2 DAY BRANDING}

The branding techniques eligible for twoday branding (after E-proof approval) on the SUPERHEROES styles are Screenprint and/or Digital Transfer up to 250 pieces. For other techniques and higher quantities, standard production lead time applies.

Laser can be applied to virtually any location.
- Smooth, glossy finish
- Unlimited washability
- Best on mid-range colours

\section*{DEBOSS}

Deboss creates a subtle tone-on-tone look with a dye that's heat-pressed into the material.
- Ideal for waterproof fabrics
- Striking 3D appearance
- Apply to almost any location
- Unlimited washability

\section*{HOW TO BRAND YOUR HEADWEAR?}

We don't just put a lot of thought into how a garment looks. We also design it to give you plenty of options for branding, allowing you to create the perfect look.

\section*{EMBROIDERY}

With thread colours to match any logo, embroidery is always a popular choice.
- Classic look
- Up to 12 colours per logo
- Perfect for left/right chest and left/right bicep

Deboss creates a subtle tone-on-tone look with a dye that's heat-pressed into the material.
- Ideal for waterproof fabrics
- Striking 3D appearance
- Apply to almost any location
- Unlimited washability

\section*{TRUE EDGE \({ }^{\text {TM }}\) TRANSFER}

This cutting edge heat transfer process produces remarkable clarity and precision.
- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

The branding techniques eligible for twoday branding (after E-proof approval) on the SUPERHEROES styles are Screenprint and/or Digital Transfer up to 250 pieces. For other techniques and higher quantities, standard production lead time applies.

A unique decoration method that gives an added dimension to your logo, by making it stand out subtly on the apparel surface.
- Unique decoration method
- Adds dimension to a logo
- Perceived value of Embroidery combined with colour range and detail of True Edge Transfer
- Durable

Fleece of \(100 \%\) Polyester, 2 sides brushed, 2 sides anti-pilling.

Hood that can be removed.

Moisture management is achieved at the yarn stage, where the microfine yarns create a capillary action to channel sweat away.

Unique yarns or fabric finishes that transport moisture to the outer surface.

Integrated hood that can be folded and stowed away in the collar.

Fabric or garment has been treated during manufacturing to minimize shrinkage during washing.

THERMALTECH
Stay warm and feel comfortable with a breathable insulated membrane that provides a resistance barrier to extreme elements.

Seam sealed: Permanently covering the inner seams with waterproof tape for long lasting waterproof protection.

PRE-SHRUNK

Fabric surface is treated to repel water.

A special finish used on fabrics that prevents wrinkling even after frequent washing.

Fabric is engineered to prevent
snagging.

Products allow moisture to escape from the body.

Protect yourself from wind and rain. This technology offers complete comfort in a variety of conditions.

YKK \({ }^{\circledR}\) zipper used in the garment. \(Y K K K^{\oplus}\) is the worlds leading zipper brand and represents high quality.

Unique finish that controls
bacteria growth, prevents
odours and maintains garment
freshness.

（b）
Choose from 2 reflective base colours

$\bigcirc$

## REFLECTIVE PRODUCTS REFLECTORS

## Important printing information

All our high gloss products can be printed ON (by screen-printing) or UNDER (by digital print) the reflective material, as well as on the back (by screen-printing). Printing UNDER the high gloss gives you the optimal reflective capacity required to meet the EN 13356: 2001 standard. Printing ON the reflective film can compromise the reflective efficiency. To meet the requirements of the standard there has to be at least 15 cm 2 free reflective area.

## INSIDE THE REFLECTOR

## PRINT ON FLOCK
